A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on July 7, 2006 has been entered.

At the conclusion of prosecution of the previous application, claims 1 and 4-10 were indicated to be allowable. By Examiners amendment dated June 26, 2006, non elected claims 11-20 were canceled as per authorization received via telephone interview of June 22, 2006. In the RCR filing of July 7, 2006, no claims were amended or added. Thus claims 1 and 4-10 are pending and are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art fails to anticipate or properly render obvious a normally closed valve element mounted on a mobile part and fluid distributor mounted on a stationary part operatively connectable with said valve element, said valve element including a bell body with a closing element maintained closed, a pipe passing through said body for connection to a fluid-dynamic device, and wherein the distributor means includes least three fluid inlets placed in order, a chamber axially, a slider arranged for axially sliding in the chamber and is moved by first drive and return means, and a stem element slidably mounted in a seat provided in said slider, which is moved by second drive and return means, so as to partially protrude from said slider through said opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Rivell whose telephone number is (571) 272-4918. The examiner can normally be reached on Mon.-Thur. from 6:30am-5:00pm (EST).
